Dr. Sherry Ann Adams, Superintendent

August 4, 2020

Dear Melba Families,

I hope everyone is enjoying the last weeks of summer vacation! The Melba Board of Trustees voted last night to approve the ReOpening Framework for our school district. In addition, they voted to postpone the opening day of school to **August 19, 2020**. The plan is to open with all students present in the Green Level. The extra time will be used to finalize plans and preparations in the case that we need to move our district to either the Yellow or Red levels of the reopening framework.

Melba teachers and staff will be in the buildings beginning on August 10. The extra days will be utilized to provide staff members with additional time to finalize plans and preparations in the case that we need to move our district to either the Yellow or Red levels of the framework at some point during the school year.

The adopted district framework may be found on the website (www.msdl36.org). Both Melba Elementary School and Melba JR/SR High School have updated their COVID-19 Handbooks to meet the new Southwest District Health Department guidelines. The handbooks may be found on the Melba Schools website.

Please continue to register your students according to the school schedule. If your family is dealing with medical issues that prevent your child from attending school in person, please contact the school principal for information about the online option.

Please watch for information coming from your child's school as we continue to get ready for back to school in 2020. If you have not been receiving email notifications from the school district, please contact the schools to verify your email address.

Sincerely,

Sherry Ann Adams

Superintendent
